Vehicle Display

“Are there enough interesting vehicles in and around the parish of Wanborough to put on a display?”

It was a question which cropped up a few years ago and the answer of course was “Yes”. So in 2013 we staged a new attraction at the Wanborough Show which we have run successfully since.

The vehicle display has included some fabulous cars, old, new, customised, restored and original. We have shown all modes of power generation from steam to electricity. Wanborough’s farming heritage has been well represented too with vehicles ranging from shepherd’s huts to steam engines. We’ve had motorised carts, earth movers and tractors – some old, some new, some very large and some quite small!

As in previous years we hope run a vehicle parade, starting in the High Street and ending with a lap or two of the show arena in Church Meadow with the simple aim of having some fun and sharing some joy.

If you have an interesting vehicle to display we would love to hear from you. Please contact Freddie via the Wanborough Show website or email directly to vehicles@wanboroughshow.org
